

CEILING SYSTEMS

Between us, ideas become reality™

Q

Can you help me with special sizes of panels and grid for my next project?

A

Yes, we can!

Small-Size Panels and Grid
Now Available to Save You
Time and Labor on the Job!

Our four-week lead time for specials will save you time and labor on your next job! Determine the panel size you need and we'll make factory-finished panels in those sizes.

Customize your grid too! Cross tees available in lengths of 6" to 144" and main beams are available in custom lengths from 8' to 12'. Interlude® and Silhouette accommodate route and miter locations as frequently as 4" on-center.

Four-week lead time with only one carton minimum order. We're here to get you on and off the job faster and easier.

Ceiling products available – one carton minimum:
